INTRODUCTION

Virginia Housing uses Mortgage Cadence as its on-line Loan Origination System (LOS). This guide has been designed to help our participating lenders navigate through the system. An Originating Lender can lock a loan, submit an underwriting exception, submit a non-delegated loan to underwriting, submit closed loans for purchase, and submit conditions using Mortgage Cadence. If a user needs access to Mortgage Cadence they must contact their company's system administrator.

SYSTEM REQUIREMENTS

RECOMMENDED BROWSER

- Google Chrome – Virginia Housing provides support for this browser.

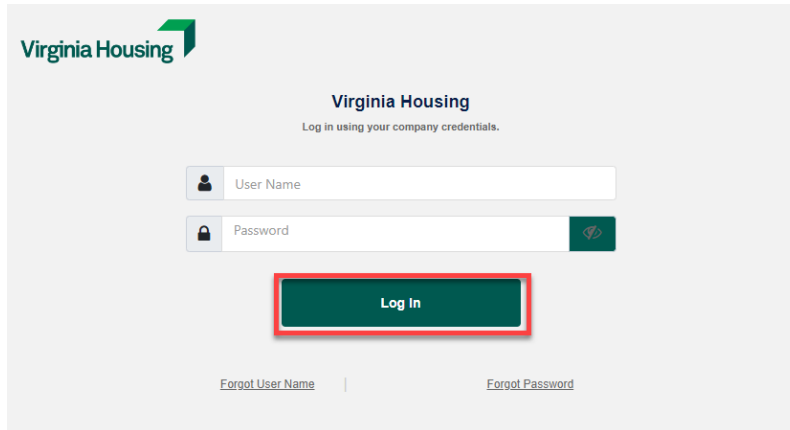

Note: Mortgage Cadence uses HTML5, making it browser agnostic, mobile responsive and easily configurable.

OTHER REQUIREMENTS

- Scanner setting for uploading attachments: 300dpi
- TLS 1.1 or 1.2 encryption

LOGGING INTO MORTGAGE CADENCE

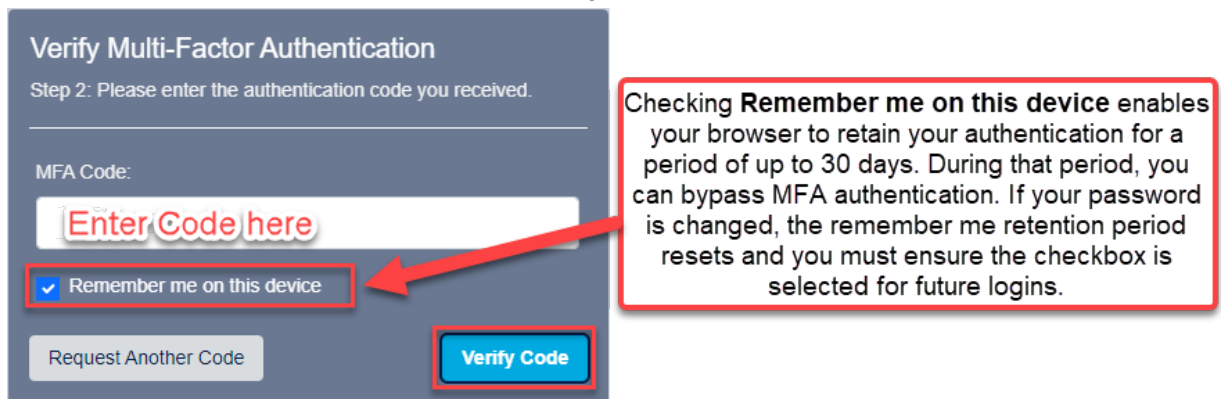

1. Click this link to access Mortgage Cadence: <https://vhda.mccloudplatform.com/>
2. Enter your **User Name** and **Password** then click the **Log In** button.

3. The Verify Multi-Factor Authentication (MFA) dialog displays, select the **Email the Code** option then click **Send Code**.

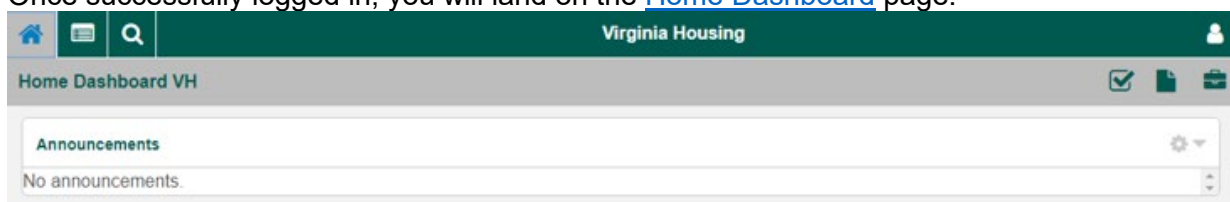

4. Enter the authentication code you received via email in the **MFA Code** field, check the **Remember me on this device** checkbox then click the **Verify Code** button.

Checking **Remember me on this device** enables your browser to retain your authentication for a period of up to 30 days. During that period, you can bypass MFA authentication. If your password is changed, the remember me retention period resets and you must ensure the checkbox is selected for future logins.

Note: If your MFA fails more than six times, your account temporarily locks for security reasons. You must wait 30 minutes for the account to automatically unlock or contact your company's system administrator to unlock your account.

5. Once successfully logged in, you will land on the [Home Dashboard](#) page.

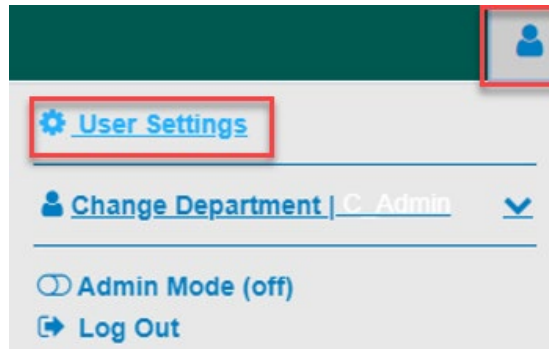

PASSWORD AND LOGIN REQUIREMENTS

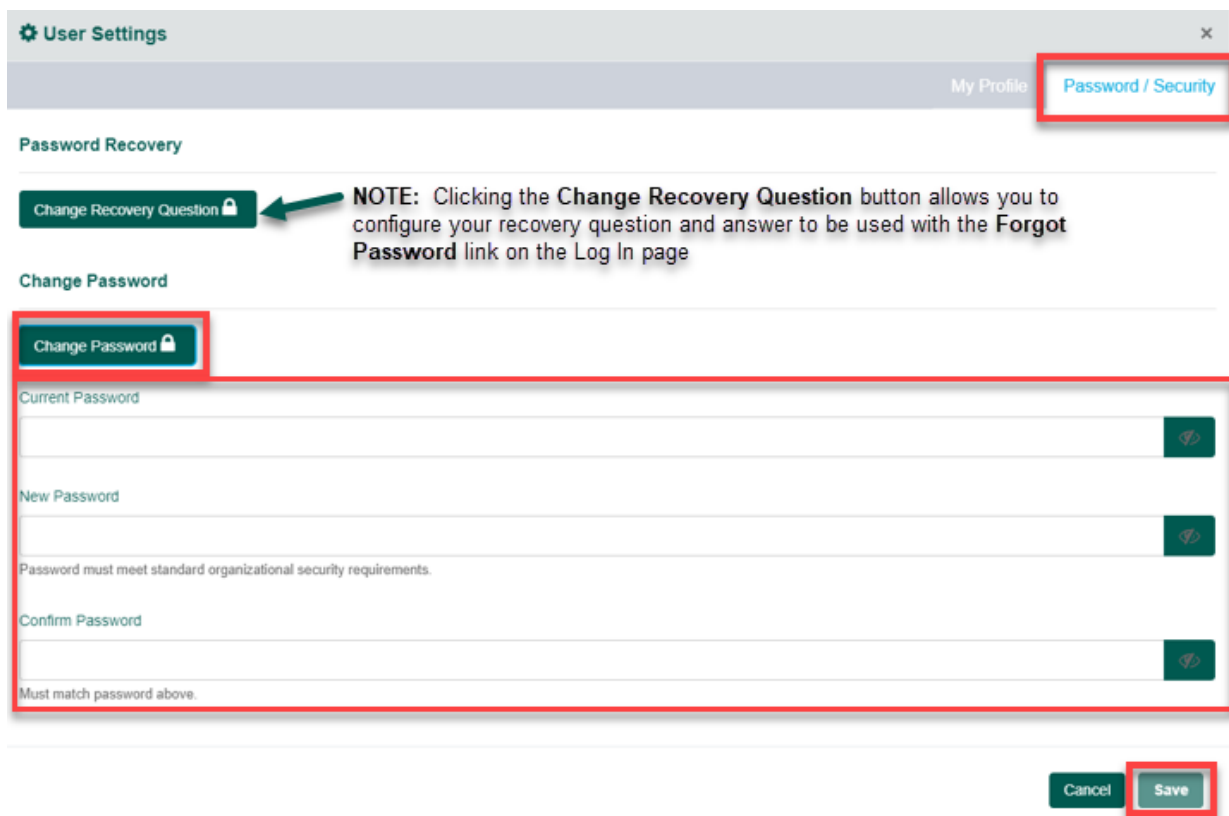

- **Password Expiration:** Passwords expire every **90 days** and users will automatically be prompted to change their passwords by the system starting at 14 days prior to the password expiration. - **Reuse of Passwords:** Users cannot reuse any of their **last 24 passwords**.
- **Password Patterns:** Users cannot create passwords with a pattern **repetition of 3 or more characters** that appear in the same order more than once in the password. For Example, a password of “123password123” or “AbcAbcExample” would not be allowed due to 123/Abc appearing twice in the same password.
- **Password Character Repetition:** Users cannot create passwords with character **repetition greater than 3 consecutive characters**. For Example, “aaa” or “111” anywhere in the password would not be allowed.
- **Password Length:** Passwords must be between **12-20 characters in length**.
- **Password Character Type:** Passwords must include **at least 1 character** of each of the following categories:
 - 1 Uppercase Letter: A-Z
 - 1 Lowercase Letter: a-z
 - 1 Number: 0-9
 - 1 Special Character: !@#\$%& etc.
- **Login Attempt Failure:** Accounts will be **locked after 5 consecutive login failures**. After an account is locked, your company’s System Administrator will need to be contacted to unlock the user’s account.

USER MANAGEMENT

SECURITY LEVELS FOR CORRESPONDENT USERS

The lender's Administrator is responsible for maintaining (Adding, Editing and Locking) all users.

Note: All requests for new Lender Administrators need to be facilitated and approved by your [Virginia Housing Business Development Officer](#).

Agreement taken from the Lender Administrator and Trainer Assignment form.

As Lender Administrator, I take responsibility for controlling all Lender access to Mortgage Cadence. I understand that it is my responsibility to give access only to the appropriate individuals within my organization who have a business need for such access, as well as to modify or remove their access as needed. Further, I understand that it is my responsibility to immediately remove access for employees that are terminated or otherwise separate from employment with Lender. Additionally, I understand that Lender will remain responsible for the conduct of any person to whom I have given access to Mortgage Cadence.

The Lender Administrator will perform access audits every 90-days on users who have access within their Lender. If users are found to no longer be employed by the Lender, the Lender Administrator will disable their access immediately and report the user being disabled to Virginia Housing within 3 business days. The Lender Administrator shall retain all books, records, and other documents relative to system access to Mortgage Cadence, and Virginia Housing, its authorized agents or auditors shall have full access to and the right to examine any of said materials during regular business hours.

Virginia Housing will suspend access to all users that have not logged in to the system for a period of 90 days; however, this statement shall not be construed as waiving or relieving the Lender Administrator or Lender from all responsibility of managing access to Mortgage Cadence. In addition, the system will require all users to change their password every 90 days.

Once the customizations are saved, they will be reflected each time you log in moving forward.
