

Use the following link to determine poverty for your census tract.

[poverty - Census Bureau Tables](#)

You will arrive at this screen. **Under 'Geography' you will need to select 'Census Tract'.** When you click it you will have access to a list of states. **Choose Virginia and then the County you are located within.** When you select the County, you will get a list of all census tracts available within that jurisdiction. **Select the tract where your property is located and then select the data table 'S1702- Poverty Status in the Last 12 Months of Families.'**

The screenshot shows the United States Census Bureau website interface. At the top left is the logo for the United States Census Bureau. A search bar at the top right contains the word "poverty". Below the search bar are navigation tabs: "All", "Tables" (which is highlighted with a red underline), "Maps", "Profiles", and "Pages". On the left side, there is a "Filters" section with a funnel icon and a "Results" section with a document icon and the number "243". The "Filters" section shows "2 Filters" applied: "Poverty" and "Virginia". Below the filters is a search box for filters and a "Geography" section with a list of options: Nation, State, County, County Subdivision, Place, ZIP Code Tabulation Area, Metropolitan/Micropolitan Statistical Area, Census Tract, Block, and Block Group. The main content area displays "243 Results" and a "View: 10 | 25 | 50" selector. A "Download Table Data" link is visible. The results list includes several entries from the American Community Survey and Household Pulse Survey, with the first entry highlighted in blue: "American Community Survey S1701 | Poverty Status in the Past 12 Months". Other entries include "S1702 | Poverty Status in the Past 12 Months of Families", "S1703 | Selected Characteristics of People at Specified L...", "HPS01 | All HPS Indicators for Phase 4.0 and Later", and "S2201 | Food Stamps/Supplemental Nutrition Assistance ...".

The first few columns will be data for all of Virginia. Scroll to the right and you will see the data for your selected census tract. This is the data that will be used for assigning points for low-poverty census tracts.
